NONDESTRUCTIVE TESTING EQUIPMENT

BARRICADE TAPE

Prevent accidents by increasing visibility of hazards with our non-adhesive Barricade Tape. Tape is a lightweight, economical, reusable polyethylene, with a continuous repeat of message or warning. Can be tied, stapled or nailed in place. Meets OSHA 1910.144 for marking physical hazards. Comes standard 3" x 1000'. Also available in 200', 300' and 500' lengths. Other widths available by special order. Comes in a variety of mil thicknesses.

WOVEN PLASTIC BARRIER TAPE

Extra-durable polypropylene tapes are long-lasting solutions for marking off-limit or hazardous areas and for crowd control. Tensile strength is 100 lbs. for the 3/4" tape and 300 lbs. for the 2" tape. Available in solid colors, stripes, or printed with Caution or Danger legends. Custom printing available.

Please Specify Color

Colors Available: YB = yellow/black/yellow, WR = white/red/white, YM = yellow/magenta/yellow, YR = yellow/red/yellow, RB = red/black/red, YL = solid yellow, RD = solid red and OR = solid orange.

Sizes Available: 3/4" x 150 ft., 2" x 200 ft., 2" x 150 ft.

REWIND REEL

The Rewind Reel makes Barrier Tape even easier to reuse. Just attach the tape to a tree, post or barricade and dispense as needed. Hang reel with tape still attached to the last post. Simply roll it back up after the job is through. (For 2" tape only.)

* Quick * Reusable * Easy * Lightweight * Labor Saving * Zinc-plated Steel

*Tape is also available mounted to the reel. Specify by adding tape color code as suffix to Reel Cat. No.
Ex: WRR-01-RB.*
